

We will gather at the Parish Center. There is limited parking in front but you can drop off people first then go park at the school parking south of the church. At the end of the gathering, to move from the Parish Center to the church, we will cross the small parking lot and use the back entrance of the church. If you prefer to go around to the front entrance of the church facing Kostner, you may do so as well. There are no stairs to deal with at Our Lady of Loretto.
